Information about Pricing (All prices include GST)

Standard Installation Charges	<p>Standard Installation charges (\$2,200) apply for this product and are based on the contract duration. An estimate of the installation charge will be provided by MyNetFone business representative at the time you order the service and is subject to confirmation by the service provider.</p> <p>An upfront feasibility study charge of \$1,650 applies for all installation requests. If the service is available and you agree proceed with service activation this amount will be credited back to your account.</p> <p>Additional charges may apply if the installation requires additional cabling or other work to connect to the service provider's network or the work is conducted outside business hours. These charges are assessed on an individual basis.</p>								
Minimum monthly charge	<table border="1"> <thead> <tr> <th>Monthly Charges</th> <th>Download Quota</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Starts at \$350 (including GST) a month</td> <td>Unlimited</td> <td> Price for ethernet access-TC2 depends on: (a) The install location (your premises) & site condition (b) data speed as per your plan (c) contract terms Your offer document will detail total monthly pricing for your service. </td> </tr> </tbody> </table>	Monthly Charges	Download Quota	Description	Starts at \$350 (including GST) a month	Unlimited	Price for ethernet access-TC2 depends on: (a) The install location (your premises) & site condition (b) data speed as per your plan (c) contract terms Your offer document will detail total monthly pricing for your service.		
Monthly Charges	Download Quota	Description							
Starts at \$350 (including GST) a month	Unlimited	Price for ethernet access-TC2 depends on: (a) The install location (your premises) & site condition (b) data speed as per your plan (c) contract terms Your offer document will detail total monthly pricing for your service.							
Early Termination Charge	<p>Monthly Charges continue to apply to the service until the end of the Service's Fixed Term. After the expiry of the Service's Fixed Term, those same Monthly Charges continue to apply to the Service until it is cancelled, terminated, re-termed, upgraded or modified (as relevant).</p> <p>Termination before start date of a service If the service is terminated before the service Activation Date, termination charges will apply and are calculated as a percentage between 60% to 95% of the standard installation charge.</p> <p>Termination after start date of a service Early termination charges apply and are calculated using the following formula: (Months Remaining) x (Minimum Monthly Charge) + Undiscounted Standard Installation charges.</p>								
Other Charges	<p>Special Linkage Charges are a once off charge that may apply at the time of installation if the service provider is required to extend its Network to a particular site where no infrastructure exists (this includes extension up to the Service Delivery Point). We will notify you of any Special Linkage Charges before commencing the work to which the charge applies.</p>								

Fee For Service Charges apply to extra or additional work carried out in connection with a service which is not covered by any other charge. This may include (but not limited to) customer cabling work not covered in Special Linkage Charges, or work carried out outside business hours or if the service needs to be extended beyond the Network boundary. We will notify you of any Fee for Service Charges before commencing the work to which the charge applies.

Commercial Works charges may apply. This applies to civil work like lifting pavers, trenching etc. An estimate of the likely Commercial Works charges will be provided to you before carrying out the work to which the charge relates.

Service Modification / Relocation Charge

Charges apply for service modification or relocation and can depend on (but not limited to) the following factors:

- The cost of installation, linkage, and service in the new location
- Remaining period of your contract

Availability of the service in the new location.

Billing Information

Billing Date

Your bill is charged on the same date each month and is the date your account was created (e.g. 11th May, 11th June, 11th July etc).

Service Activation Date

The service Activation Date is the date that your service is ready to use.

First Bill Charges

Your first bill will include:

- Any applicable partial monthly charge, Standard Installation Charges and any other charges required by the service provider from when the service was activated until the next Billing Date
- Any additional charges for non-recurrent items used during that billing period
- The minimum monthly charge in advance for the next billing period

Payments
